Oksol reviewed the following proposed amendments to the Internal Audit Charter:
Ø All references to Lead Internal Auditor (LIA) were changed to Internal Audit Manager (IAM).

Professional Standards

The internal audit activity will meet or exceed the International Standards for the Professional Practice of Internal Auditing of the Institute of Internal Auditors. The internal auditors will comply with the Code of Ethics of the Institute of Internal Auditors.

Oppgaard requested that Oksol's name be added to the final page above his title on the signature line in order to have consistency. Oksol stated he would do this. Oppgaard asked why there were three approval lines and one Acknowledged Date line. Oksol stated this was to show acknowledgement of what his supervisors had approved.

Roling asked for clarification on the following sections:

Page 4 Accountability - 2nd Bullet Point:

Ø Report significant issues related to the processes for controlling the activities of the City of Sioux Falls, including potential improvements to those processes, and provide information concerning such issues through resolution.

Rolfing suggested adding or reports after resolution. Discussion followed regarding that the term 'resolution' means follow up from the committee. As it reads, it could be interpreted as meaning a resolution that goes before the City Council.

Page 4 Responsibility 2nd Bullet Point:

Ø Implement the Annual Audit Plan, as approved, including, as appropriate, any special tasks or projects requested by the Audit Committee.

Oksol explained the adopted written protocol about handling special requests that are not on the approved Annual Audit Plan.

Page 4 Responsibility 3rd Bullet Point:

Ø Issue periodic reports to the Audit Committee. Audit Committee will review issue these reports and submit them to the Mayor and City Council.

Rolfing asked if "the Mayor" and "City Council" should be reversed. Jamison asked Oksol if he submits these reports to the Mayor. Oksol stated that he does not send these reports separately to the Mayor but that they are public reports and are presented at the Informational Meetings. Oksol stated that amendments can be made at the City Council Meeting.

Amendment of the Charter

The Internal Audit Manager is responsible for maintenance of this Internal Audit Charter to ensure that it is reviewed annually and is revised as necessary. Any amendment is subject to review and approval by the Audit Committee.

Oksol stated that this does go before the City Council for approval. Rolfing recommended that the term "and approval of the City Council". Oksol stated it was approved by the Council with the original agreements. Aguilar asked if it was done this way because the Audit function is supposed to be independent of city departments. Discussion followed. Oksol stated this was adopted by another city at that time.

Jamison stated he could check with one of the original members to see what the intent was of the language in the Internal Audit Charter and get back to the group. Discussion followed. Jamison stated he would provide additional research and email his findings to the rest of the committee prior to the Council Meeting on February 19th.

Jamison noted that the Internal Audit Charter is subject to a yearly review by the Internal Audit Manager. Oksol stated he has reviewed it but did not feel that any changes were needed until the organizational chart changed last year. Aguilar recommended that Oksol could provide a yearly report to the Audit Committee.

A motion was made by Council Member Rex Rolfing and seconded by Council Member Sue Aguilar to accept this resolution and move this item forward to the City Council for review.

Jamison asked for a voice vote and all members voted yes. Motion Passed.

this report would be presented to the Audit Committee upon completion.

Oksol reviewed the benefits to the city of having a peer review audit which included the enhanced credibility of the internal audit function and the internal auditors learning from the process of preparing for and going through a peer review.

Jamison provided background information on how the inquiries started on the peer review process.
