A. 2017 Sales & Use Tax Available Fund Balance by Erica Beck, Chief of Staff
Presentation: Approximately 20 minutes followed by discussion

Erica Beck, Chief of Staff, explained that this presentation stems from a previous Informational Meeting about the USD Discovery District where the administration noted it would bring forward a recommendation to fund a portion of the recently-announced District projects from the available Sales and Use Tax Fund balance. The recommendation includes: \$800,000 for Construction of Infrastructure at the USD Discovery District; \$100,000 for Minnesota Ave. improvements from 7th St. through 10th St (including Asphalt Overlay and ADA ramp repairs); \$500,000 for tree removal equipment for Emerald Ash Borer response; and, \$300,000 for Falls Park viewing platforms, accessible pathways, and code-compliant railing.

Discussion followed about: the proposed work on Minnesota Ave.; ADA requirements; current structure of the road; timeline for bidding; the expected life of the proposed tree equipment; who would engineer the proposed Falls Park viewing area; impacts of the floodplain; and a timeline for contract approval. Beck noted that important next steps include first and second readings as soon as possible. A discussion about projects not included in the proposal also took place as well as the impacts on the timeline for Falls Park if a third-party study is conducted.
