1. Call To Order

Committee Chair Rex Rolwing called the meeting to order at 5:18 p.m.

2. Approval of Minutes

A. Tuesday, July 15, 2014

A motion was made by Greg Jamison and seconded by Kenny Anderson Jr. to approve the minutes of Tuesday, July 15, 2014.

Rolwing called for a voice vote. All members voted yes.

Motion Passed.

3. Discussion

A. Discussion of Residential Parking

Rolwing said this discussion stems from a Council Member receiving a call from a constituent concerning a tractor that was parked in the yard of a neighbor. He said, it would be good to review what can and can't be parked in streets and yards.

Paul Bengford, Assistant City Attorney, gave a general overview of ordinance 160.553 Residential Parking. He said the last major changes to the ordinance were made in 2011. According to the ordinance, commercial vehicles are not allowed to be parked in residential neighborhoods. Bengford said this issue is in regards to a tractor, which is something they don't get many complaints or concerns about. The City Attorney's Office reviewed the complaint, gave the benefit of the doubt to the property owner and decided not to pursue the issue. Discussion followed.

4. Open Discussion

Rolwing asked Mike Cooper, Director of Planning and Building Services, to discuss a proposed solar energy farm in Minnehaha County. Rolwing asked what kind of research has been done regarding the solar energy farm. Cooper

said this is a joint City Council/Minnehaha County Commission item, for a conditional use permit. He said this is an appeal, by adjoining property owners, after the joint Planning Commission voted to approve it. Cooper said an amendment to a joint Zoning ordinance, standards for a solar energy farm, was already brought before the Council and Commission. Roling asked for additional information to be provided to the Council, prior to next week's joint meeting.

5. Adjournment

Committee Chair Rex Roling adjourned the meeting at 5:34 p.m.
