SIRE Meeting Contents

Review September 24, 2012 meeting notes

Taskforce Revisit Items

Retroactive clause (chickens can live into their teens). How is this tracked and enforced?

The allowance of guineas (definition of fowl).

Leash - not to exceed 6 feet. What about retractable leashes?

Approval of 60% vs. 80% of neighbors within 100 feet of property.

Four vs. six fowl - concerns with six turkeys (or other large fowl). How would the nuisance ordinance override this if the City allows up to six?

Rabbits and pet definition.

Structures for animals.

Zoning Considerations

consideration of Bees.

Setbacks: Distance from property lines, other structures, etc.

Rooftop allowance.

Areas (Districts) for prohibition (commercial, multi-family residential)?

Health Issues

Feed storage.

Vermin control.

Disposal: Manure or other waste products.

Adjournment
